

ALLAN GOVERNMENT SLASHES! VICTORIA BURNS

YOU CAN'T BURN OUT FIREFIGHTERS, THEY KEEP VICTORIANS SAFE.

WWW.FIRECRISIS.COM.AU

TAXES UP. YOUR SAFETY DOWN.

MASSIVE TAX RIP OFF. MORE PAIN - LESS PROTECTION.

Property owners are being ripped off with massive tax increases, yet emergency services are receiving budget cuts. Cost of living is bad enough, and Victorian residents are being ripped off. Your Emergency Services Tax has doubled – while firefighters have less protection and are forced to use out-of-date and unreliable fire trucks & equipment.

This affects you and your family's safety.

YOUR FIRE SERVICES ARE ON LIFE SUPPORT.

The Allan government is stripping firefighters of the life-saving equipment they need - putting your home and your community at risk.

FIREFIGHTERS' SAFETY STRIPPED, SITUATION IS CRITICAL.

Fire services face budget cuts while the Victorian Government spend over \$10 million in lawyers to remove firefighters' protections – putting crews and critical responses at risk.

BROKEN TRUCKS, BROKEN PROMISES – FLEET CRISIS HITS VICTORIA.

If your local fire truck breaks down, there's no guarantee another one will be available. With 64% of the fleet outdated by the next election, money is being spent on lawyers instead of your safety.
